

# Pneumatic Spiders

## For Casing, Tubing & Drill Pipe

Designed for medium and heavy-duty operation, our Pneumatic Spider is one of the most versatile power slips available.

### Features:

- Heat-treated alloy steel is used throughout for longer service
- All shafts are hardened alloy steel for longer service
- Replaceable steel bushings are used for extended wear
- All bushing are equipped with grease fittings
- Spiders are equipped with manually operated safety latch which may be used to positively lock the slips in their set position
- Slips will not release from tubing until it has been raised by the elevator
